Bölüm 9

Finansal Okuryazarlığın İnternet Bankacılığı Tutumu ve Kredi Kartı Kullanımı Tutumu Üzerine Etkisinde Dijital Okuryazarlığın Aracılık Rolü[1]

Sinan Çavuşoğlu[2]

Özlem Doğan[3]

Özet

Finansal okuryazarlık, bireylerin finansal kavramlara ve araçlara ilişkin bilgi düzeylerini artırmanın yanı sıra, tasarruf alışkanlıklarının gelişmesine ve etkin finansal risk yönetiminin sağlanmasına önemli katkılar sunmaktadır. Finansal bilgi düzeyindeki artış, bireylerin bütçe planlama, yatırım, borç yönetimi gibi konularda daha bilinçli, doğru ve stratejik kararlar alabilmelerini desteklemektedir. Özellikle dijitalleşmenin hız kazandığı günümüzde teknolojik yenilikler, finansal işlemlerin biçim ve kapsamını dönüştürmekte; internet bankacılığı gibi uygulamalar aracılığıyla işlemleri zamandan ve mekândan bağımsız, hızlı ve kolay erişilebilir hâle getirmektedir. Çeşitlenen finansal araçlar bireyleri farklı yatırım ve harcama seçeneklerine yönlendirirken, kredi kartı kullanımı; ödeme kolaylığı, nakit taşıma gereksinimini azaltması, sağladığı teşvikler ve toplumda yarattığı prestij algısı nedeniyle yaygın biçimde tercih edilmektedir.

Bu çalışma, Türkiye'deki bireylerin finansal okuryazarlık düzeyleri ile internet bankacılığı ve kredi kartı kullanımına yönelik tutumları arasındaki ilişkileri incelemekte; ayrıca dijital okuryazarlığın bu ilişkilerdeki aracılık rolünü değerlendirmektedir. Araştırma kapsamında internet bankacılığı kullanan 395 katılımcıdan kolayda örnekleme yöntemiyle anket verileri toplanmış,

1 Bu çalışma 24-25 Ekim 2025 tarihlerinde çevrimiçi olarak düzenlenen 5. Uluslararası Dijital İşletme, Yönetim ve Ekonomi Kongresi'nde (ICDBME2025) özet hali sözlü bildiri olarak sunulan çalışmanın gözden geçirilmiş ve genişletilmiş halidir.

ÖZGÜR YAYINLARI

Bu bağlamda, geleceğin öğretmeni sadece mesleki bilgiyle değil; etik farkındalıkla, toplumsal sorumlulukla ve kolektif bilinçle donanmış bir figür olmalıdır. Bu öğretmen profili, dijital çağda eğitimin insanî ve dönüştürücü gücünü koruyacak temel dayanak noktasıdır. Bu nedenle öğretmenliğin etik varlığı, sadece bir bireysel duruş değil; aynı zamanda toplumsal bir direniş biçimi ve kültürel bir hafıza inşasıdır.

Kısacası dijital çağda öğretmenlik, teknik bir görev değil; etik bir çağrıdır.

ÖNERİLER

Bu araştırmanın bulguları, sosyal bilgiler ders kitaplarında TYMM kapsamında tanımlanan değerlerin belirli ölçülerde temsil edildiğini, ancak bu temsillerin niteliği ve bütüncüllüğünün geliştirmeye açık olduğunu göstermektedir. Bu doğrultuda, hem öğretim materyallerinin niteliğini artırmaya hem de değerler eğitiminin sistematik bir biçimde desteklenmesine yönelik çeşitli öneriler sunulabilir.

1. Ders kitaplarının değerler açısından dengeli bir yapıya kavuşturulması gerekir. Bu kapsamda içerik geliştirme süreçlerinde her bir değerin kapsayıcı ve tutarlı biçimde ele alınmasına yönelik standartlar oluşturulmalıdır.

2. Değerlerin metinlerde yalnızca dolaylı biçimde değil, daha açık ve yapılandırılmış bir pedagojik çerçeve içerisinde sunulması önerilmektedir. Değer kavramı, hikâye, etkinlik, görsel ve yönerge gibi farklı türdeki içeriklerde farklı derinliklerde verildiği için, gelecekteki kitaplarda değer kazanımlarına yönelik daha görünür ve bütüncül bir yapı oluşturulması yararlı olacaktır.

3. Öğretmenlerin değerler eğitimini ders kitabının sunduğu içerikle sınırlı tutmamaları önemlidir. TYMM'nin hedeflediği yetkin ve erdemli birey profilinin yalnızca içerik aktarımıyla değil, sınıf içi etkileşim, tartışma, drama, örnek olay analizi gibi öğrenci merkezli uygulamalarla desteklenmesi önerilmektedir. Bu nedenle öğretmenlere yönelik hizmet içi eğitim programlarında değer temelli öğretim yöntemlerine ağırlık verilmelidir.

4. Değerlerin öğrenci yaşamında somut karşılık bulabilmesi için okulların bütüncül bir öğrenme ortamı olarak yapılandırılması gerekmektedir. Bu bağlamda okul yönetimi, rehberlik birimleri ve ailelerle iş birliği içinde planlanan sosyal sorumluluk projeleri, okul içi demokrasi uygulamaları, akran dayanışması ve toplumsal katılım etkinlikleri değerlerin içselleştirilmesine katkı sağlayacaktır.

5. Ders kitaplarında yer alan değerlerin görsel materyallerle desteklenmesine ilişkin daha nitelikli bir tasarım anlayışı benimsenmelidir.

6. Gelecek araştırmaların öğretim sürecinin sınıf içi uygulamaların gözlemlendiği, öğretmen ve öğrenci deneyimlerinin değerlendirildiği, hatta uzunlamasına tasarlanan çalışmaların yapılması, TYMM'de yer alan değerlerin eğitim-öğretim sürecindeki yansımalarının daha kapsamlı biçimde anlaşılmasına katkı sağlayacaktır.

Bu öneriler doğrultusunda, sosyal bilgiler öğretim materyallerinin geliştirilme sürecinde TYMM'nin ortaya koyduğu *"Yetkin ve Erdemli İnsan"* profiline daha bütünlüklü ve sürdürülebilir bir şekilde hizmet eden içeriklerin oluşturulması mümkün olacaktır.
